MaxGard Interconnection Systems

T&B Catalog Number:

DSC20

UPC Number:

70891720689

Status:

Active

Description:

MaxGard Replacement Screw Cap Assembly Watertight, 200 Amp

Features

Waterproof construction provides environmental separation at the front of each device (they don't have to be connected together just to be called "watertight").

Two optional pilot/control pins for contractors, load monitor circuits, shunt trip or any other communication functions you need.

Center ground contacts: make FIRST, break LAST
Available to 4 Pole, 5 Wire; Complete line is epoxy powder coated (standard)

Application

For use with watertight plugs and inlets where portable equipment is on stand by and plugs are not in use.

For use in applications where outdoor, severe or high abuse environments exist.

For use with watertight plugs and inlets where portable equipment is on stand by and plugs are not in use.

For use to effectively protect insulation and contacts from excessive moisture, dirt, dust and corrosion.
