Cable Actuated Position Sensor Product Type: **PT9, Harsh-Environment Series**

Full Stroke Ranges: **3810 mm [150 in]**

Output Signal: **Various**

Repeatability: **.02 % of FS**

Resolution: **Various mm**

Features

Product Type Features

Cable Actuated Position Sensor Product Type	PT9, Harsh-Environment Series
---	-------------------------------

Signal Characteristics

Output Signal	Various
---------------	---------

Body Features

Cable Actuated Position Sensor Housing Material	Aluminum, Stainless Steel
---	---------------------------

Usage Conditions

Operating Temperature Range	-40 – 93 °C[-40 – 200 °F]
-----------------------------	---------------------------

Operation/Application

Resolution	Various mm
------------	------------

Industry Standards

IP Rating	IP67, IP68
-----------	------------

Hazardous Area Approvals	No
--------------------------	----

Other

Full Stroke Ranges	3810 mm[150 in]
--------------------	-----------------

Repeatability	.02 % of FS
---------------	-------------

Encoder Drive	No
---------------	----

Measuring Cable	All Plastic, Bare Stainless Steel, Nylon-Coated Stainless Steel
-----------------	---

Product Compliance

[For compliance documentation, visit the product page on TE.com>](#)

EU RoHS Directive 2011/65/EU	Not Yet Reviewed
EU ELV Directive 2000/53/EC	Not Yet Reviewed
China RoHS 2 Directive MIIT Order No 32, 2016	Not reviewed for China RoHS compliance
EU REACH Regulation (EC) No. 1907/2006	Current ECHA Candidate List: JUL 2021 (219) Not Yet Reviewed
Halogen Content	Not Yet Reviewed for halogen content
Solder Process Capability	Not reviewed for solder process capability

Product Compliance Disclaimer

This information is provided based on reasonable inquiry of our suppliers and represents our current actual knowledge based on the information they provided. This information is subject to change. The part numbers that TE has identified as EU RoHS compliant have a maximum concentration of 0.1% by weight in homogenous materials for lead, hexavalent chromium, mercury, PBB, PBDE, DBP, BBP, DEHP, DIBP, and 0.01% for cadmium, or qualify for an exemption to these limits as defined in the Annexes of Directive 2011/65/EU (RoHS2). Finished electrical and electronic equipment products will be CE marked as required by Directive 2011/65/EU. Components may not be CE marked. Additionally, the part numbers that TE has identified as EU ELV compliant have a maximum concentration of 0.1% by weight in homogenous materials for lead, hexavalent chromium, and mercury, and 0.01% for cadmium, or qualify for an exemption to these limits as defined in the Annexes of Directive 2000/53/EC (ELV). Regarding the REACH Regulations, TE's information on SVHC in articles for this part number is still based on the European Chemical Agency (ECHA) 'Guidance on requirements for substances in articles' (Version: 2, April 2011), applying the 0.1% weight on weight concentration threshold at the finished product level. TE is aware of the European Court of Justice ruling of September 10th, 2015 also known as O5A (Once An Article Always An Article) stating that, in case of 'complex object', the threshold for a SVHC must be applied to both the product as a whole and simultaneously to each of the articles forming part of its composition. TE has evaluated this ruling based on the new ECHA "Guidance on requirements for substances in articles" (June 2017, version 4.0) and will be updating its statements accordingly.
